Roman Shade Overview

for Budget Blinds

Draperies and Roman Shades will transform your room into a comfortable and inviting ambiance or to a modern and stylish setting depending on the fabric you choose.

Whether you go for subtle transparency or a rich jacquard, your interior will embrace window decorations. But that is not everything. Think about privacy, temperature control, reducing sun light and sound, all added features to interior décor!

Find an overview of Vadain's roman shades styles and product information highlighted below.

Roman Shade Style 1 - Playful

Style description

Standard flat Roman Shade

- Unlined only.
- Banding available in 1.5" and 3.5" width (add \$4.25 retail per inch height regardless of fabric choice).
- Continuous chain system is standard. For cord system: deduct \$52.50 and for TDBU: add \$163 (retail).
- Transparent cord pulling tape with loops on window side of fabric. Suitable for both plain and patterned fabrics. This tailored style is an excellent choice for fabrics with large scale patterns that look best uninterrupted.
- Min. W: 13" - Min. L: 20" - Max W: 118" - Max. L: 83" (chain system).
Note: Fabrics can have different maximums e.g. when using wide-width fabric.
- Complimentary extended or clip-on brackets available upon request.
- Fabric numbers 7532-7543; 7591-7613; 7634-7643; 7653-7659 are not suitable for this option.
- Made with child and pet safe lift cords on back of Roman Shades.

Roman Shade Style 2 – Contemporary

Style description

Knife pleat Roman – Rods are placed on the backside of the shade using color coordinating rod tape. The rod tape keeps the face side semi-smooth with subtle ripples at the rods.

- Unlined only.
- Banding available in 1.5" and 3.5" width (add \$4.25 retail per inch height regardless of fabric choice).
- Continuous chain system is standard. For cord system: deduct \$52.50 and for TDBU: add \$163 (retail).
- Rods are stitched onto the window side of the shade using a rod tape with a matching color. This contemporary style is an excellent choice for fabrics with large scale patterns that look best uninterrupted.
- Min. W: 13" - Min. L: 20" - Max W: 118" - Max. L: 122" (chain system).
Note: Fabrics can have different maximums e.g. when using wide-width fabric.
- Complimentary extended or clip-on brackets available upon request.
- Fabric numbers 7532-7543; 7591-7613; 7634-7643; 7653-7659 are not suitable for this option.
- Made with child and pet safe lift cords on back of Roman Shades.
- When ordering for multiple windows in one room, create a set from the top down or bottom up to assure uniformity in lining up the rods and patterns.

Roman Shade Style 3 – Traditional

Style description

Knife pleat Roman – This is the traditional U.S. style. Rods are seamed into the actual fabric creating a distinct seam to the front of the shade.

- Unlined only.
- Banding available in 1.5" and 3.5" width (add \$4.25 retail per inch height regardless of fabric choice).
- Continuous chain system is standard. For cord system: deduct \$52.50 and for TDBU: add \$163 (retail).
- Rods are stitched onto the window side of the shade creating the pleats when drawn. Most fabrics look good with this style, but it should be noted that the rods do interrupt the pattern.
- Min. W: 13" - Min. L: 20" - Max W: 118" - Max. L: 122" (chain system).
Note: Fabrics can have different maximums e.g. when using wide-width fabric.
- Complimentary extended or clip-on brackets available upon request.
- Fabric numbers 7615-7617; 7645-7647; 7661-7666; 8001-8003; 8006-8024 are not suitable for this option
- Made with child and pet safe lift cords on back of Roman Shades.
- When ordering for multiple windows in one room, create a set from the top down or bottom up to assure uniformity in lining up the rods and patterns.

Roman Shade Style 4 – Luxurious

Style description

Knife pleat Roman – Rods are placed at the backside of the shade. The rod pocket is made with the same fabric as the shade and then attached to the back. Ideal for patterns that look best uninterrupted.

- Unlined only.
- Banding available in 1.5" and 3.5" width (add \$4.25 retail per inch height regardless of fabric choice).
- Continuous chain system is standard. For cord system: deduct \$52.50 and for TDBU: add \$163 (retail).
- Rods are stitched onto the window side of the shade with the same fabric as the Roman shade fabric. Like Style 2 this style is an excellent choice for fabrics with large scale patterns that look best uninterrupted.
- Min. W: 13" - Min. L: 20" - Max W: 118" - Max. L: 122" (chain system).
Note: Fabrics can have different maximums e.g. when using wide-width fabric.
- Complimentary extended or clip-on brackets available upon request.
- Fabric numbers 3871; 7517-7519; 7524-7525; 7527-7530; 7552-7567; 7586-7618; 7627-7633; 7648-7659; 7672-7673 are not suitable for this option.
- Made with child and pet safe lift cords on back of Roman Shades.
- When ordering for multiple windows in one room, create a set from the top down or bottom up to assure uniformity in lining up the rods and patterns.

Roman Shade Style 5 – Traditional Lined

Style description

Knife pleat – This style, the rods are sewn into the lining of the shade. This allows for a smooth front shade. Ideal lined solution for patterns that look best uninterrupted.

- Lined only – 5 lining fabrics available, but you can also choose another fabric from our collection.
- Banding available in 1.5" and 3.5" width (add \$4.25 retail per inch height regardless of fabric choice).
- Continuous chain system is standard. For cord system: deduct \$52.50 and for TDBU: add \$163 (retail).
- Rods are stitched into the lining. Excellent choice for both plain and patterned fabrics, because the pattern will not be interrupted by the rods.
- Min. W: 13" - Min. L: 20" - Max W: 118" - Max. L: 122" (chain system).
Note: Fabrics can have different maximums e.g. when using wide-width fabric.
- Complimentary extended or clip-on brackets available upon request.
- Fabric numbers 3871; 7517-7519; 7524-7525; 7527-7530; 7544; 7552-7559; 7627-7633; 7648-7651 are not suitable for this option.
- Made with child and pet safe lift cords on back of Roman Shades.
- When ordering for multiple windows in one room, create a set from the top down or bottom up to assure uniformity in lining up the rods and patterns.

Roman Shade Style 7 – Soft Fold

Style description

Hobbled Roman – This lined shade has soft folds giving it a more traditional look. Keep in mind that the folds will interrupt the pattern of the fabric.

- Lined only – 5 lining fabrics available, but you can also choose another fabric from our collection.
- Banding available in 1.5” and 3.5” width (add \$4.25 retail per inch height regardless of fabric choice).
- Continuous chain system is standard. For cord system: deduct \$52.50 and for TDBU: add \$163 (retail).
- Rods are stitched into the lining. The soft flow of this style is created by hobbling the face fabric onto the lining at regular 7” intervals. Please note that when using a pattern with a large repeat, the pattern will be interrupted at each fold.
- Min. W: 13” - Min. L: 20” - Max W: 118” - Max. L: 122” (chain system).
Note: Fabrics can have different maximums e.g. when using wide-width fabric.
- Complimentary extended or clip-on brackets available upon request.
- Fabric numbers 3871; 7517-7519; 7524-7525; 7527-7530; 7544; 7552-7559; 7627-7633; 7648-7651 are not suitable for this option.
- Made with child and pet safe lift cords on back of Roman Shades.
- When ordering for multiple windows in one room, create a set from the top down or bottom up to assure uniformity in lining up the rods and patterns.

Roman Shade Style 9 – Modern Twist

Style description

Ripple fold Roman – This shade has the rods sewn into the front of the fabric giving it a more modern look.

- Unlined only.
- Banding available in 1.5" and 3.5" width (add \$4.25 retail per inch height regardless of fabric choice).
- Continuous chain system is standard. For cord system: deduct \$52.50 and for TDBU: add \$163 (retail).
- Rods are stitched onto the face side of the shade for a modern twist. Suitable for both plains as patterned fabrics, because the pattern will only be marginally interrupted.
- Min. W: 13" - Min. L: 20" - Max W: 118" - Max. L: 122" (chain system).
Note: Fabrics can have different maximums e.g. when using wide-width fabric.
- Complimentary extended or clip-on brackets available upon request.
- Fabric numbers 7552-7553; 8011 are not suitable for this option.
- Made with child and pet safe lift cords on back of Roman Shades.
- When ordering for multiple windows in one room, create a set from the top down or bottom up to assure uniformity in lining up the rods and patterns.
